

For Residential Builders and Unlimited Home Improvement Contractors

Effective August 02, 2017

Currently all Residential Builders and Unlimited Home Improvement contractors must provide proof of Workers Compensation insurance in order to obtain a license. Effective August 2, 2017, these contractors will only have to provide proof of Workers Compensation insurance IF they have any employees. Contractors who do not have employees will not be required to provide the Committee with proof of Workers Compensation Insurance coverage. See Act 804 of 2017
